[Details](#) [Specs](#) [Reviews](#)

Reach for Revivex Rubber Boot Treatment to keep rubber footwear looking nice and performing at its best. Sun damage, blooming and excessive drying can ruin rubber boots. Previously known as Rubber Boot Saver, this conditioner acts as a moisturizer to restore shine while providing protection from harmful UV rays and grime. So, don't throw away those hardworking boots if they look a bit worn out. Keep it around a bit longer with Revivex Rubber Boot Treatment.

- **Protects** – Save rubber boots from sun degradation and blooming; repels dirt and oils, too
- **Conditions** – Moisturizer that instantly brings back shine to rubber/plastic muck boots
- **Powerful** – Tough formula prevents all types of rubber gear from cracking and deterioration
- **Reduces Wear** – Keeps boots looking good and extends its life for many more years
- **Multipurpose** – Use on all rubber and plastic boots; safe to use on neoprene and vinyl

**Details** Specs Reviews

Find things at night with Ni Glo, a glow in the dark keychain and marker for keys and all kinds of outdoor gear including backpacks, tents and SCUBA tanks. This rechargeable key fob is battery and tritium-free. It charges by sunlight or artificial light and glows brightly at first, then fades to a constant glow that can be seen all night. Use it to find gear at the campsite, signal the next big catch, or mark epic trails and dive sites. Whether it's outside or under water, don't fumble around when the sun goes down. Use the Ni Glo Gear Marker.

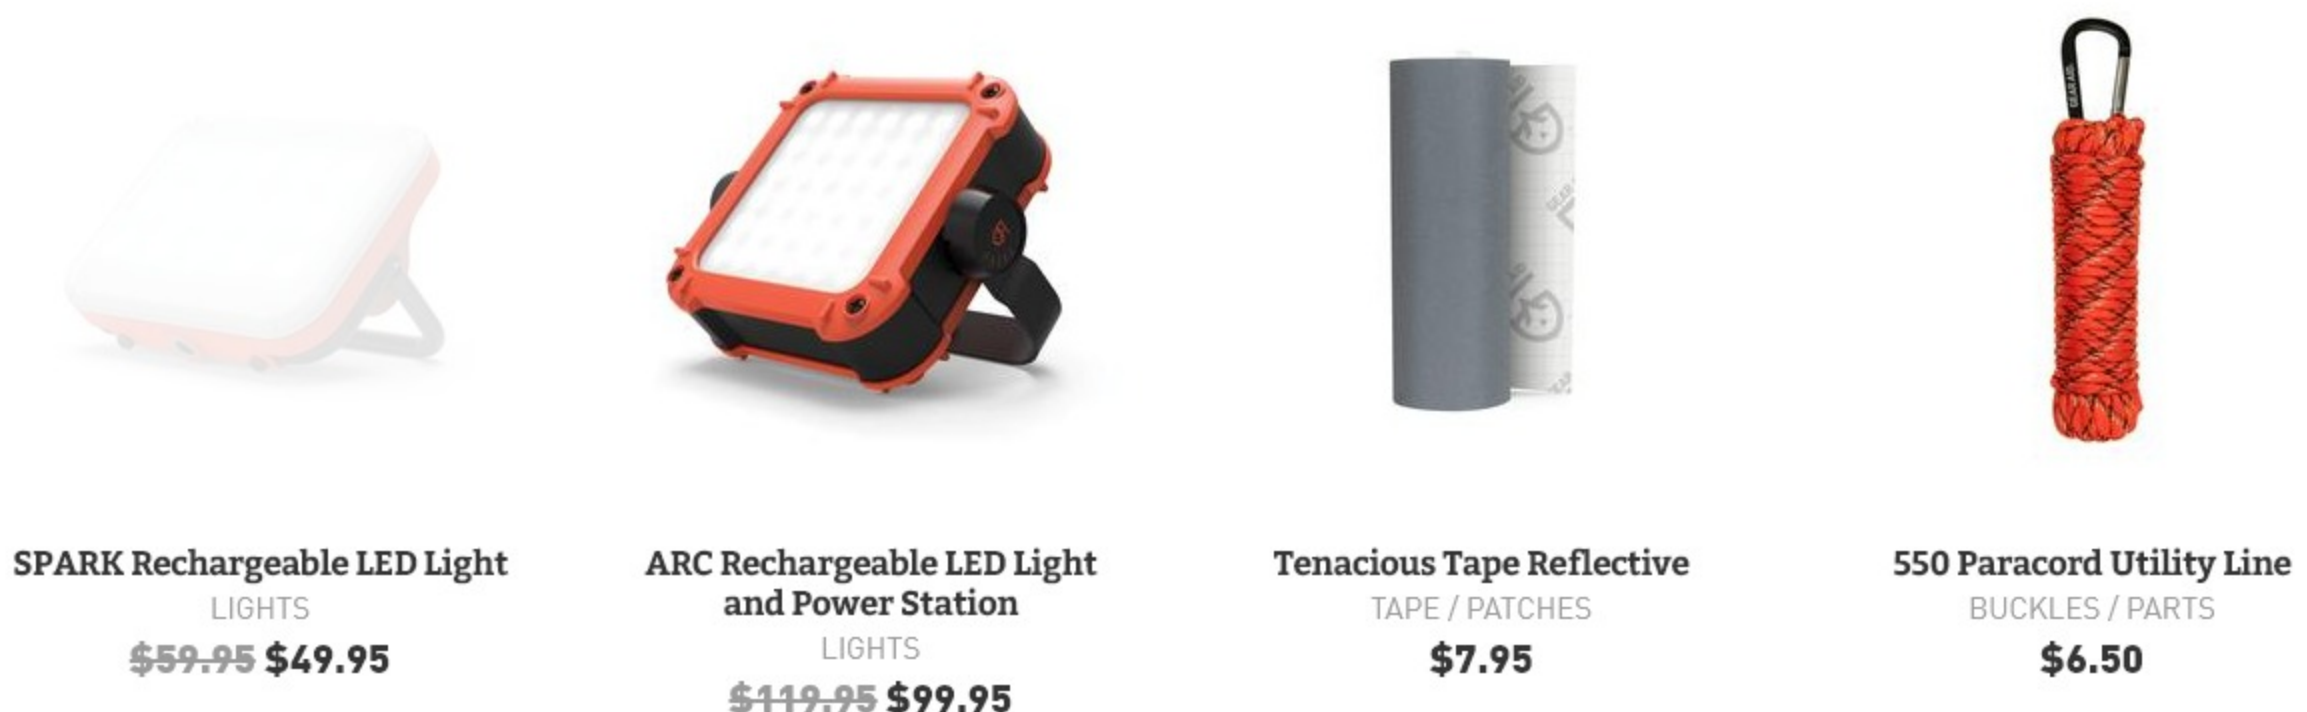

- Easily attaches to gear with included keyring, clip, and joint; use it on keys, packs, dog collars, guylines, tent zippers, hammock clips, night fishing rods, and scuba tanks
- Charges within 10 minutes by sunlight, indoor light, flashlight, or headlamp; for best results, charge in direct sunlight for 2 hours and watch it glow for up to 10 hours
- Glowing light can be seen up to 25 ft. away; use it to mark a dive site, campsite, hiking trail, or the distance from a hunting blind
- IPX8 waterproof, dust-proof, and weatherproof; it glows in the rain, dust, or snow so you can take it anywhere on land or under water (164 ft deep)
- Small and lightweight, this illuminated keychain is only 2 inches tall and weighs under 0.3 oz; perfect for taking a handful in your pack

**Details** Specs Reviews

Wetsuit repair is simple and quick with Aquaseal NEO. Previously known as Seal Cement, this black contact cement is formulated to permanently bond with neoprene and other coated materials. With this flexible liquid adhesive, repairing neoprene gear can be done within half an hour. Apply to waterproof waders, gloves, booties, and spray skirts by the water. Or re-seal a leaky gasket at home. When rips and tears happen, use this contact cement to repair stretchy, high-performance fabrics and protect it from abrasions. Before venturing out to that favorite fishing hole or dive spot, bring Aquaseal NEO along for unexpected repairs and save that expensive gear.

- **Fast Acting** – Dries in 20 minutes for fast in-field repairs to wetsuits, waders and more
- **Durable** – Tough adhesive that bonds to neoprene, latex and rubber
- **Flexible** – Cures to an elastic rubber that stretches and bends with fabrics
- **Abrasion resistant**– Coat high-wear areas like knees and elbows to protect against abrasion
- **Waterproof** – Provides a water-tight seal to keep watersports gear performing no matter the activity

California WARNING: Using this product will expose you to toluene, a chemical known to the State of California to cause birth defects or other reproductive harm [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**Details** Specs Reviews

Fix footwear permanently at home or in the field with Aquaseal SR. Formerly known as Freesole, this shoe repair adhesive is waterproof and dries as a clear, flexible glue that lasts for years. Easily complete a boot repair, create durable toe protectors, and rebuild worn heels within a few hours. Unaffected by heat or cold, make heavy duty shoe repairs that can withstand the elements whether at a jobsite or on a mountaintop. From rubber boots to steel-toe shoes and everything in between, repair and reinforce your footwear with Aquaseal SR.

- **Durable**– Tough urethane adhesive bonds permanently to surfaces and dries as a clear rubber that’s weather-resistant
- **Flexible** – Cures to a stretchy rubber that bends with all types of footwear including cleats, sneakers, work boots and sandals
- **Abrasion Resistant** – Keeps gear looking good by withstanding scrapes and scratches
- **Waterproof** – Provides a water-tight seal that won’t peel or crack over time
- **All-purpose**– Bonds to leather, suede, rubber, neoprene, and canvas shoes

Whether diving underwater or skiing through snow, clear vision is essential during any outdoor activity. Count on GEAR AID's Anti-Fog Spray to keep swim goggles, dive masks, binoculars, and ski goggles fog-free. Previously known as Sea Quick, this spray-on formula prevents annoying fog on all types of eyewear. One quick spray, then buff or rinse. That's all it takes for long lasting anti-fog protection. Make the most out of each adventure with a clear, properly defogged lenses with Anti-Fog Spray.

- **Fast Acting**– Just spray-on for instant fog-free lenses
- **Concentrated** – A little goes a long way on SCUBA masks and swim goggles
- **Long Lasting** – Enjoy fog-free vision for hours
- **All Natural** – Non-toxic, alcohol-free formula
- **Multipurpose**– Safe for all lenses and optics

[Details](#)

[Specs](#)

[Reviews](#)

Waterproofing the whole family's rain gear has never been easier with Revivex Wash-In Water Repellent. One treatment with this DWR wash creates and restores waterproofing protection to high-tech gear including GORE-TEX® jackets and pants. As a highly concentrated water repellent, you can treat multiple garments at once. Just pre-wash with Revivex Pro Cleaner, add one ounce per garment to your sink or washing machine, then tumble dry. It'll add a protective layer to fight the elements without impacting breathability. Extend the life of your favorite outerwear and say goodbye to wetness with Revivex Wash-In Water Repellent.

- **Concentrated** – A small amount can treat several garments simultaneously to keep technical jackets, ski pants, rain gear, soft shells, and fleece dry
- **Fluorocarbon-Free** – Non-toxic formula is designed to use on technical gear including GORE-TEX jackets
- **Long-Lasting** – One wash treatment lasts all season for months of protection from rain, snow and moisture
- **Maximizes Breathability** – Creates water resistant layer and allows waterproof-breathable garments to perform at its best
- **Multipurpose** – Ideal for restoring or adding water repellency to outerwear and gloves with no insulation or lining

**Details** Specs Reviews

Revivex Suede and Fabric Water Repellent is a waterproof spray for nubuck, suede and waterproof-breathable footwear. This protectant is useful to keep footwear looking good and feet dry. The spray bottle is easy to use and prevents staining of all types of shoes including winter suede boots, hiking boots and sneakers. For a quick treatment, use Revivex Suede and Fabric Water Repellent to get kicks shedding water in no time flat.

- **Protects** – Keep feet dry and extends the life of footwear by protecting it from moisture and water
- **Maximizes Breathability** – Adds water repellency without preventing waterproof-breathable footwear from performing
- **All-Season** – Long-lasting treatment will keep water, dirt, oil and stains away
- **Concentrated** – Treat multiple pairs of shoes with just a single bottle; one spray goes a long way
- **Multipurpose** – Safely add water repellency to suede, nubuck, GORE-TEX® fabric, and canvas footwear

Slide easily in and out of your wetsuit with Silicone Lubricant spray, which also protects gear from the harmful effects of saltwater. The food-grade silicone formula preserves rubber gaskets and neoprene, to make expensive dive gear last longer. Lubricate sensitive rubber parts and protect neoprene dive equipment from salt, corrosion and oxidation, with the Silicone Lubricant Spray by GEAR AID.

- **Lubricates** – Allows for ease of suit entry
- **Protects** – Fights against rust, salt, oxidation and corrosion
- **Conditions** – Keeps neoprene and rubber supple and looking good
- **Powerful** – High quality silicone lubricant spray
- **All-purpose** – Use wetsuits, gaskets, o-rings, and all dive equipment

### Revivex Durable Water Repellent

High-Performance Repellency for Outerwear  
**\$13.95** Type: Protectants SKU: 36221

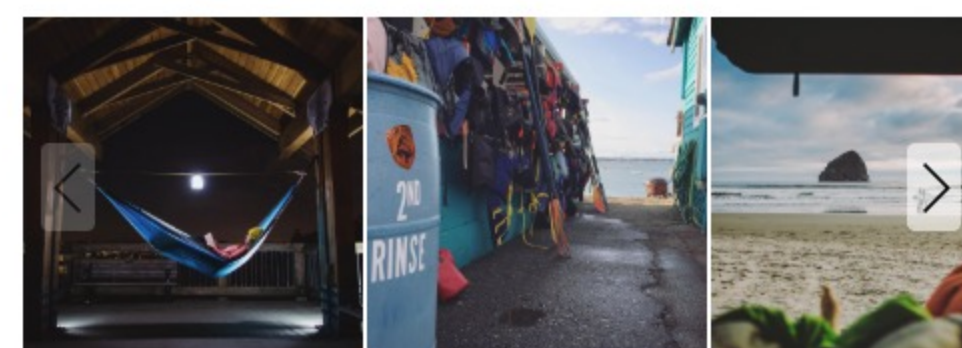

★★★★☆ 6 reviews

Size: 10.5 oz

QUANTITY: - 1 +

**Add To Cart** [Add to Wishlist](#)

**Make Outside Yours™**  
 Use #GearAid on social media to share your adventures

[Details](#) [Specs](#) [Reviews](#)

Restore the DWR coating on GORE-TEX® jackets and waterproof-breathable outerwear with Revivex Durable Water Repellent. Over time, DWR (durable water repellency) on technical gear wears off, and the fabric gets dirty and absorbs water. Regular reproofing treatment of rainwear, soft shells, ski pants, and GORE-TEX jackets is highly recommended to continuously repel water. Just preclean the garment with Revivex Pro Cleaner, spray on this waterproof coating and let air dry. The continuous, air-powered sprayer dispenses every last drop in a wide, even application ensuring your garments are fully covered. Whatever your adventure is, Revivex Durable Water Repellent provides the right protection in the rain and snow.

- **Durable** – Spray-on treatment restores DWR, resists abrasion and repels water, oil and stains
- **Maximizes Breathability** – Creates water resistant layer and allows waterproof-breathable garments to perform at its best
- **Washable** – Ideal for outerwear and ski gear, this DWR coating will remain after a wash and can be air dried or heat set
- **Compatible** – Designed for use on technical fabrics including eVent, NeoShell and GORE-TEX materials; formula is PFOA and PFOS free
- **Multipurpose** – Restore water repellency to DWR treated rainwear, jackets, ski pants, gloves, boots, waders, and nylon tent flies

Tactical gear needs to be versatile in order to earn its place in your rucksack. When you need a single piece of gear that serves hundreds of uses, turn to the Gruntline multifunctional elastic cord. Gruntline is a flexible utility line that stretches up to 7 ft. This braided cord holds up to 20 lbs. and is ideal for use as a lanyard, clothesline, tie-down strap, pack strap—you name it.

Plus, Gruntline has a wide array of medical uses including arm sling, I.V. support and tourniquet. You'll find more uses for this high-performance utility line than any other piece of gear.

So ditch the dangerous bungee cords and grab this indispensable tool. Trust us—you'll be glad you grabbed a Gruntline.
