Women's [ak] Baker Ultralight Down Jacket

NEW

RETAIL: 30,000¥
 SIZES: XS, S, M, L, XL

Ultralight and supremely packable, this down jacket is for those days when you need all the warmth without the weight.

DETAILS:

- Regular fit is just right: Not too tight or too baggy
- Pertex® ultra-lightweight 10D nylon micro-ripstop down-proof water-repellent coated fabric maximizes strength without adding bulk; [ak] DWR coating sheds light precipitation
- 90/10 RSD down 800 fill provides lightweight high-loft warmth; Discontinuous quilt pattern maximizes down loft for increased warmth
- Our most windproof design for sealing out windy conditions during low-intensity activities or anytime when wind resistance is most important
- Snap closure for increased packability and reduced weight; Packable into chest pocket

NEW

RETAIL: 65,000¥
SIZES: XS, S, M, L, XL, XXL

From mid-winter storms to spring sunshine, this three-layer jacket has the fit, feel, and coverage to let you ride through it all in comfort.

DETAILS:

- Regular fit is just right: Not too tight or too baggy
- GORE-TEX three-layer (3L) fabric uses a sandwich construction with the waterproof, breathable GORE membrane laminated between the durable outer shell material and a lightweight backer. Three-layer jackets and pants tend to be lighter, lower-bulk, higher performance, and more versatile than two-layer (2L) designs; GORE-TEX with exclusive Topo STRETCH technology delivers total waterproof performance and unrestricted mobility in a low-bulk application designed for layering and a trim, easy-moving fit; GORE-TEX fabric is GUARANTEED TO KEEP YOU DRY™

Men's Carbonate GORE-TEX 2L Anorak Jacket

RETAIL: 46,000円
SIZES: XS, S, M, L, XL, XXL

Men's Treeline GORE-TEX 3L Jacket

RETAIL: 55,000¥
 SIZES: XXS, XS, S, M, L, XL, XXL

Zip up, ride longer, and stay drier in this lightweight three-layer GORE-TEX shell.

DETAILS:

- Regular fit is just right: Not too tight or too baggy
- GORE-TEX three-layer (3L) fabric uses a sandwich construction with the waterproof, breathable GORE membrane laminated between the durable outer shell material and a lightweight backer. Three-layer jackets and pants tend to be lighter, lower-bulk, higher performance, and more versatile than two-layer (2L) designs; GORE-TEX fabric is GUARANTEED TO KEEP YOU DRY™
- Offers breathability for medium-intensity activities with moderate sweat management for quick-drying comfort with the durability of a GORE-TEX membrane for reliable weatherproofing. Zip vents enhance breathability during more intense activity and in warmer conditions.

Men's Winter Shelter Three-In-One Top

NEW

RETAIL: 17,000円
 SIZES: XS, S, M, L, XL, XXL

More than basic shelter, this three-in-one jacket and vest combo is all about options.

DETAILS:

- Regular fit is just right: Not too tight or too baggy
- Shell: DRYRIDE Mist-Defy DWR nylon and spandex blend fabric repels water while staying soft and comfortable
- Four-way stretch fabrication for enhanced mobility
- Vest: 100% recycled polyester plain weave soft taffeta
- ThermacoreECO (40g) insulation is lightweight and breathable, providing a super-comfortable feel and low-bulk warmth that cranks the heat and dries quickly. This product is made with bluesign® materials and features over 90% recycled fibers that provide long lasting durability and all-around easy care.
- Welt-entry, hand-warmer pockets and zippered chest pocket

Snug as a bug in an insulated bomber jacket that is highly waterproof and warm just like the big kids.

DETAILS:

- Regular fit is just right: Not too tight or too baggy
- Made of 100% recycled polyester; DRYRIDE two-layer fabric [10,000mm/5,000g] is highly breathable, waterproof, and quick drying; PFC-free DWR coating
- Offers breathability for low to medium intensity activities. Vents enhance breathability during short, high-intensity activities and in warmer conditions.
- ThermacoreECO insulation [180g] is lightweight and breathable, providing a super-comfortable feel and low-bulk warmth that cranks the heat and dries quickly. It's bluesign® approved and features over 90% recycled fibers that provide long lasting durability and all-around easy care; Taffeta lining mapped with microfleece back panel for additional warmth

Merak WaveCel Helmet

RETAIL: 35,000円
SIZES: S, M, L, XL

The Merak WaveCel is fully loaded with 19 ventilation channels, WaveCel protection, and premium comfort and fit features in a durable hybrid molded construction.

DETAILS:

- Weight: 480g; WaveCel helmets are designed to fit closer to the head, providing a snug, comfortable fit. Please refer to our sizing chart for accurate measurements. If you are in-between sizes, you may want to size up
- WaveCel® behaves like a network of hundreds of interconnected shock absorbers connecting your head and the outer shell of the helmet. WaveCel® helps distribute the impact energy through its network of cells, reduces impact forces like the crumple zone of a car, and then helps divert rotational forces by flexing and gliding
- 50/50 hybrid shell construction combines Endura®-shell and in-mold shell constructions for wear-and-tear resistant durability and featherweight performance
