1911
2021

FILA began in 1911, in the small alpine town of Biella, Italy, a place renowned for manufacturing the world's finest textiles, and weaving fabrics with impeccable quality,true innovation and extraordinary beauty. Born of this city and it's traditions, FILA is inexorably derived from Biella's dedication to artistry, luxury and elegance. This is our birthright, it's in our soul, and it ultimately defines us.
